Subject: Civil Action Mediation Program-Conference of Delegates

Dear Ms. Kaplan:

By way of introduction, I am an attorney and lobbyist for the Consumer Attorneys of California. I have reviewed the proposed changes by the Conference of Delegates and have shared them with the CAOC leadership. I write to let you know that CAOC would oppose the changes you recommend to CCP Section 1775.5 and that we agree with the comments submitted by Heather Anderson with the Judicial Council.

Should you attempt to seek an author for the proposal, I would ask (as a courtesy to CAOC and in order to give full information to any potential legislative authors) that you inform him or her of CAOC opposition. Please feel free to contact me about our position and if you have other proposals that affect CAOC members, I would be happy to circulate them and give you feedback.

Thank you—Nancy Peverini, COAC Legislative Counsel
